BY REVIEW LEASED WIRE

NEW YORK, Oct. 17.—During the greater part of today's active stock market trading was conducted on an almost steady advance in prices. In the last hour, however, much of this gain was forfeited, the list closing with an irregular undertone.

It was a matter of general comment that dealings, which again approximated the large total of 1,340,000 shares, seemed mainly of a professional character, caused by the investment demand of recent weeks. It is not unlikely that the selling at concessions toward the close was precipitated in part by a sudden rise in call money to four percent.

No special reason was offered to account for the hardening of demand loans, but last week's bank statement which showed a further pronounced contraction of reserves to the lowest figure since the middle of the year may have been the impelling cause.

The unusual activity of numerous low priced rails and industrials as well as other specialties hitherto in the background was a noteworthy feature.

United States Steel once more fluctuated between 29 and 25 percent of the whole. New records included General Motors which rose to 790, ten points, and merican Beet Sugar two points to 100%. Other sugar shares were in steady demand at higher levels.

Western Union featured the utilities.

Bonds were strong with extensive trading in internationals. Total sales par value, \$6,625,000. U. S. bonds unchanged on call.

METAL MARKET

NEW YORK, Oct. 17.—Lead 7 at 7.10. Sneller easy, spot East St. Louis delivery 9 1/2 asked. Copper firm; electrolytic first quarter 27.50 at 28. Bar silver 67 1/2.

CHICAGO GRAIN.

CHICAGO, Oct. 17.—Sensational advances in the value of wheat resulted today from wild rushes to buy, accompanied by a big broadening out of export business. The market closed excited at nearly the topmost figures reported. Net gains were 5 1/2 to 7 1/2 a bushel, with December 1.63 1/2 to 1 1/2 and May 1.64 1/2 to 1 1/2. Corn finished 1 1/2 to 1 1/4 higher, and oats up 1 1/2 to 1 1/4. In provisions the final range varied from 5c decline to a rise of 15c.

Persistent buying on the part of foreigners tended to carry the wheat market upward from the start, but it was not until the last hour of the session that prices went sky-rocketing in good earnest. Estimates after the close indicated that since yesterday Europeans had acquired more than 2,500,000 bushels of wheat from the relatively meagre supply in the United States. In this connection reports were current that the British government forced rates on the Atlantic down from 28c a bushel to 10c and was bending all energies to lessen the cost otherwise of handling wheat shipments from this country. Such reports put shorts and other purchasers into a turmoil that was but little if any abated when the gong cleared the pit.

Corn was lifted by enlarged export demand. Oats, although strong and active, seemed to be merely paralleling the action of other cereals.

Higher quotations on hogs and grain carried provisions upgrade throughout nearly the entire list. October lard went to new top figures for the season.

PORTLAND WHEAT

PORTLAND, Ore., Oct. 17.—Wheat prices broke all records on the local markets today, spot bids advancing from 2 to 4 cents per bushel. Spot blue stem bids were quoted at \$1.41 as against 99 1/2 cents a year ago. Five thousand bushels of November blue stem were sold at \$1.42, a record for the present year.

(By L. J. Overlock)

NEW YORK, Oct. 17.—As a rule prices were fractionally higher at the opening with additional gains recorded in the late dealings. Toward the close the general list receded slightly but market still maintained a steady tone. Market is a broad trading affair and easily influenced by various rumors. We believe profits should be taken on the strong spots for the time being with the idea of replacing long lines on fair sized recessions. Copper for December delivery 28 1/2.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
